

GIGLAND ORIGINALS / PART 2

VISUAL SNAP SHOTS (VSS Files)

100 SONGS (F-M)

All Songs Written or Co-written by
Daniel Sage @2020 | ASCAP | www.Gigland.com

We all save,
Fools Gold.
Here today -
Gone Tomorrow...

Just bury it somewhere,
And hope that it's still there...

We Set Our Sights On -
Fools Gold.
We Share The Rights To -
Fools Gold.
The Right To Fight For -
Fools Gold...

Just bury it somewhere,
But you better say your prayers...

Go unlock the mystery -
Cross an ocean or a sea,
And stand upon a foreign soil.

See how others choose to be,
When they don't need their MTV
And thrive upon a Foreign Soil.

This culture can be hard to chew
It's not what I am used to -
It's grown on a Foreign Soil.

It's grown on a Foreign Soil.
Their ideas are old,
Their values outgrown,
The progress seems to have stopped.

There are no are border lines
In the mind of a man who is free....

Foul Is Fair

Oh poor Macbeth,
Was no murderer.
Well compared to us,
He's an amateur.

To mask a deed,
Of dreadful note,
You must be bloody, bold -
And resolute...
And when the hurly,
Burly's done...

Foul is fair, and foul has won.
Fair is Foul, and Foul is Fair.
Fair is Foul, and Foul is Fair.

To C.I.A
Our nations' dagger
Fair is foul, and foul is fair.

From 9 To 5

The work is over.
I'm coming home, to you - Again.

I'm feeling older,
And wondering if -
I'll ever mend...

My work is over.
I want to sleep,
A thousand years.
Can't lift my shoulders
Shoulders...

A whole days work,
To feel like -
Only half a man.

From 9 To 5...
From 9 To 5...
From 9 To 5...

Full Of Surprises

I like a day that's -
Full Of Surprises.
I like a job that's -
Never the same.

I like a girl that's -
Full Of Surprises
That keeps me up all night -
Playin' her games... Do, do, do...

I like when things come -
In all shapes and sizes.
I like when people -
Are different than me..
Clocks are steady,
Machines too and many -
Like it that way.

I want changes,
Lots of changes -
Hey, hey - Don't you agree now?

Gemini

Illustration by José O.

When black is white
And might is right -
And whiners get their way.

Bad Karma makes,
The world go down.
And Love has lost way..
Who's getting stronger?
Who's getting stronger?
Who's getting stronger?

Gemini? You or I ?
Gemini?
Gemini?

Who's getting stronger?
Who's getting stronger?

You or I?

Geronimos Cry

Hey na, na, na, hey da, na, na ...
Hey na, na, na, hey da, na, na ...

He ruled the desert,
With just a pony.
He saw his fathers,
Fall to one knee.

Then a voice from the sky,
Says the Eagle won't die...

We hear Geronimo Cry Why?

He signed the treaties,
They took his last home.
Then raised the war cry,
His final freedom.

Then a voice fills the sky,
It says the Nation must die.

We hear Geronimo Cry Why?

Get Naked.
Get wild...
Get Naked
Get wild...

Free your body!
Free your mind!
Free your body!
Free your mind!

Get Naked
Get wild...
Get Naked
Get wild...
Get Naked.

Getty Gets The Girl

I can feel her sunshine
Clear across the pool.

A golden Aphrodite
That comes with a big bill.
A very hefty bill...

I can have a lover
But what I want is her.

He's got all the money
So Getty gets the girl.

Getty gets her,
Getty gets her
Getty gets her,
All because - he,
Who has the money
Always gets the girl...

Ginas' Good Advise

Your Pastor said that guy,
Is Not right for you.
Your Rabbi said that one,
Is selfish and cruel.

You should've listened girl, listened girl -
It's your own fault you know.

You should've listened girl, listened girl -
It's your own fault you know.

Your Father said that boy,
Will only break your heart.
Your Mother said trust me,
You're better off apart.

You should've listened girl, listened girl -
It's your own fault you know.

Give It A Rest

*Screaming from the rooftops
Divide as we fall.
Red and blue and Bleeding
Climbing rough opinion polls.*

*Stir the controversy pot
Dissent is on the rise.
The talking heads are spinning,
Huge profit yarns and lies.*

*Oh, Give It a Rest!
We're tired and depressed.*

*So, Give It a Rest!
We're all just doing our best.*

*The news media is breaking,
The hearts that beat in all.
As democratic engines slow,
The country to a stall.*

God Of The Microphone

Please let them hear my prayer -
God, God Of The Microphone.
For some, music is a Savior
And God, God is a microphone.

Voice, give em' what you're feeling
God, God of the microphone.
For some, music is the reason -
And God, God is a microphone.

The wire holds the words,
And feeds them -
Too the waiting ears.
The ears get hold and feed the mind,
That feeds the hungry heart.
That feeds the hungry heart...

Hear, Hear what I am saying
God, God of the microphone.
Please, Pass along my meaning
God, God of the microphone.

Goliath Will Go Down

Taxmen to the left
Debtors to the right.

There's gonna be a standoff
There's gonna be a fight.

We had no money then
We have no money now.

We're begging in the streets
We owe, we owe, we owe.

But someday Goliath Will Go...
Someday Goliath Will Go...
Someday Goliath Will Go Down...

Goliath -
Will Go Down.

Gone Fishing,
I'm out the door...
Gone Fishing,
I'm moving on...
Gone Fishing,
To a better shore...

Gone Fishing,
I found a feeling...
Gone Fishing,
That I need to explore...

Gone Fishing,
I'm sailing on...
Gone Fishing,
To my private pond...
Gone Fishing,
I'm so long gone...
Gone Fishing...

*Hear the Beatles,
Groovin.
Mother nature is,
Groovin.*

*A Dali Print is,
Groovin.
Feel the Universe,
Groovin.*

*Stir the rhythm, rhythm
Of my soul.
Stir that rhythm - up.*

I'm Groovin.

**Guess You Didn't
Dress For Success**

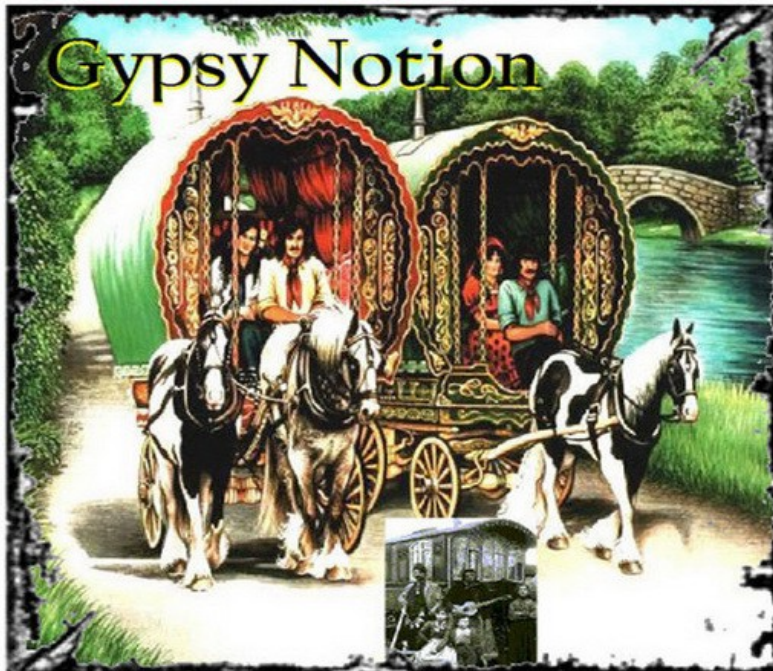

*Beggars' don't Dress For Success.
Losers' don't Dress For Success.
Guess You Didn't Dress For Success.
You got to learn to Dress for Success.*

*They say the clothes make the man.
So clothes must be in the plan.
If your gonna make your mark, boy
Then shine those shoes and learn to shmooz.*

*Hypocrites Dress For Success
Yes, even jerks Dress For Success
If you don't Dress For Success
Then don't expect to be a Success.*

*Dress Right, Look Tight.
Dress Right, Outta sight.
Dress Right, Look Tight.
Dress Right, Outta sight.*

Gypsy Notion

*Today I had, had, had
A Gypsy Notion...*

*To travel far and wide,
Ocean to ocean.*

*Today I had, had, had
A Gypsy Notion...*

*To find the zest in life,
To drink the potion.*

Today I had, had, had -

A Gypsy Notion.

A Gypsy Notion.

H
A
P
P
Y

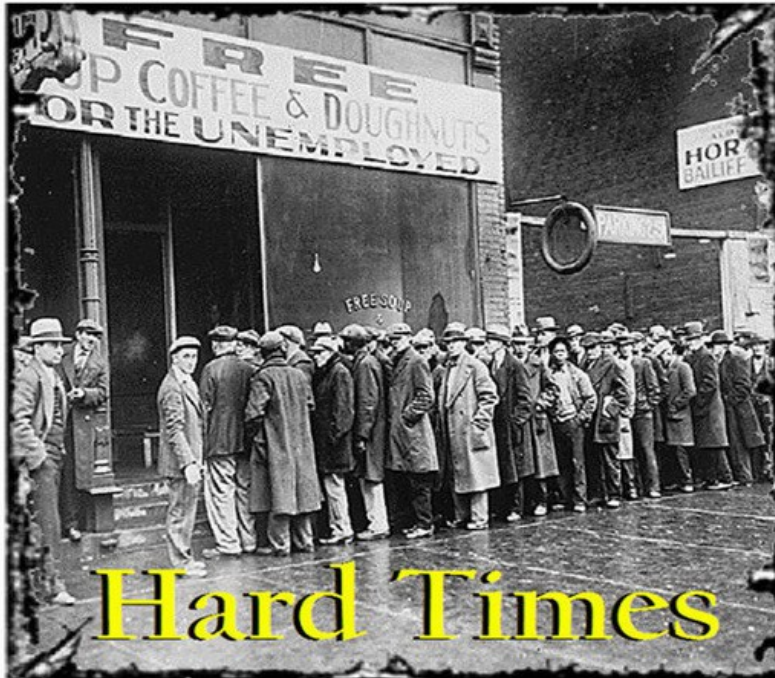

Tried to make it good.
Tried to make it right.
Tried to make you Happy, Happy
Happy don't come overnight.

Tried to make the money.
Tried to make ends meet.
Tried to make you Happy, Happy
Happy did a quick retreat.

Tried to make you love me.
Tried to make you see.
That the only Happy, Happy
Happiness is you and me.

Work and slave and save,
And put it all away,
And hope someday, the debts are paid.
And suddenly,
The blues will fade, and you'll be saved,
For good, that's if it doesn't drive you crazy...

Hard Times

See the man,
With his hand -
Sticking right in face?
Does he know?
Does he care?
Does he feel his disgrace?

That woman looks,
Forty-five -
Probably twenty three.
Had a kid,
Long ago -
Now the State takes care of it.

In the street,
On the bus.
In the park,
Covered up.
Some people got the
Hard Times...

Have A Little Fun

All work, No play
And Jacks a dull, dull boy.
I'm bored, I'm numb
I need another toy.

I'm first, I'm last
I'm everything between
We ride, First class
Here entertainment's king.

Have A Little Fun
(Have a little fun)
Have A lotta Fun....While you can
Have A Little Fun
(Have a little fun)

Have A lotta Fun....
While you can.
Woo woo...

Havin' A Wonderful Time

I have seen the nations frown.
Figured out -
Mind and instinct,-
Could be wrong.

See the smile, here on my face?
Havin' A Wonderful Time.

See the smile he puts on my face?
Havin' A Wonderful Time.

I could vanish without a trace...
Just Havin' A Wonderful Time.

I'm droppin out of the human race.
And Havin' A Wonderful Time.

I'm Havin' A Wonderful Time.

Headin Back

Monday morning,
Sun won't shine.
Slow to start up,
And toe that line.

That's when my lady,
She understands...
She whispers low 'an -
Takes my hand.

Headin' Back -
Through the highs and lows.
Dreaming of,
Of our first hell-o-
To a time,
To a memory.
Headin' Back -
To the harmony.

When the magic seems to slip away,
Headin' Back to a better day.

Heavy

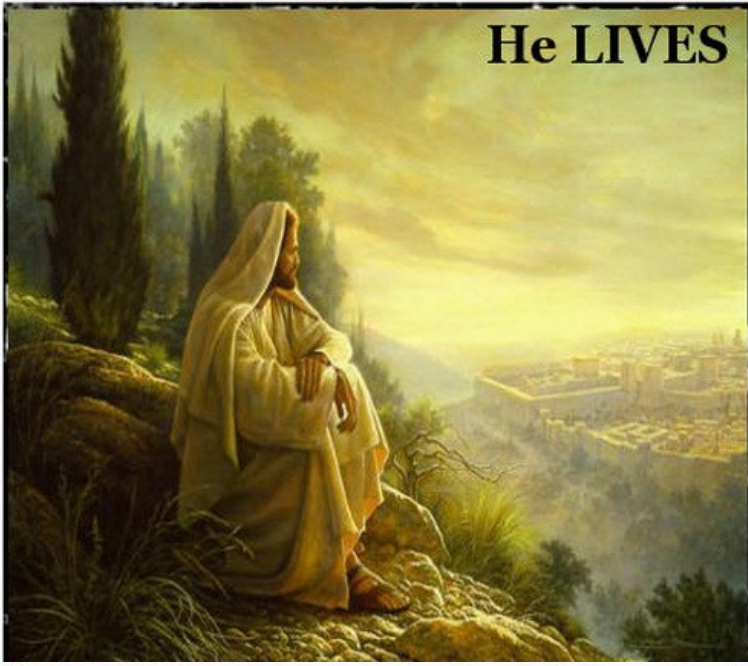

Don't wanna talk about the weather.
I can't take no more t.v.
Well there comes a point,
Where I begin to doubt -
My own stale philosophy...

Lets talk of Sin and Saints and Holiness,
Let's whisper ancient mysteries.
Let's talk of Love and Death and Politics -
The whole human tragedy.

Vita Brevis...Vita Brevis!
Vita Brevis!...Life is too short!

Lets talk of courage, law and principles, (Heavy)
Of great prose and poetry. (Heavy)
That've stirred the minds -
And hearts of men, (Heavy)
Throughout all history. (Heavy)

He LIVES

Someday, I believe -
Our fear and the blindness will end.
We shall, experience -
The solace that causes, all hearts to mend.

Trials, I must confess -
Have worn us all down to the bone.
Creation, what a mess -
But death isn't smiling and you aren't alone.

He Lives, he gives -
Wine to the mind,
And bread to the soul.

He Lives, he gives -
Sight to the blind,
And hope to us all.

I'm readin, this book again
It's full of those words to the wise.
Who are you, Who am I?
I am that something that you have denied.

Here And There

I took a little trip -
To clear my mind.

To see the sights -
Of every kind.

So, what'd you see?
What'd you do?
Where'd you go?

Here and there
Just here and there.

And That when it's all over
You can't put it back
But the past can be golden
So don't let it die
Just accept the truth and go on...cuz

Her Tears Say...

What She Never Could

Smiles come hard,
Smiles fade fast.
Try to trade memories,
With the years rushing past.

But sometimes I hear,
In the sighs that men fear,
A Woman gives warning,
By the questions she'll ask.

Then You'll see Tears...
Though she'll try to hide them.
Cause she feels lost...
And misunderstood.

Her Tears say...
There's something wrong here.
Her Tears Say,
What She Never Could.

Hiding Out Forever

Don't look for me again,
I can't be found.
I'm not even sure of -
Where I am.

Hiding Out Forever...
Hiding Out Forever...

Some places can't be seen,
Or visited...
P.S. I hope you understand...

Here there are no traces of emotion
Here I'm beyond the reach of love and pain...

Hiding Out Forever...
Hiding Out Forever...

High Time

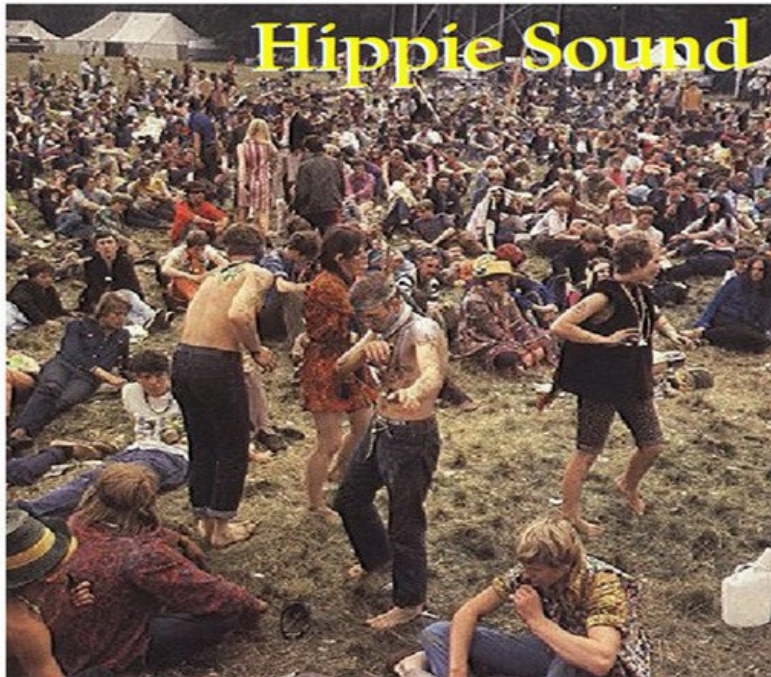

I wanna hear you laugh again,
I wanna see you smile again,
I wanna hear you laugh...

It's High Time -
To take a good look around.
High Time -
You take a good look around.
It's High Time...

I wanna see you smile again,
I wanna feel your love again,
I wanna see you smile...

It's High Time -
You take a good look around.
It's High Time...

Hippie Sound

I'm not surprised to hear,
That it is still around.
It the perfect sonic mix
Ever for gettin down.
And radio will always dig
That Hippie Sound.

That Hippie Sound, Oh Yeah.
That Hippie Sounds, today...

The 60's spread it like a blanket
On the ground.
Every one was smilin' sayin'
Pass it around.
And radio will always
Dig that Hippie Sound -

That Hippie Sound, oh Yeah.
That sounds as good today...

Open your arms wide baby, om...
Bury me inside baby, om...
I need a rest, a place to hide, baby om...
Where my loves not denied or tried - so,

Hold Me,
Don't let go.
Hold Me,
I need to know...

And in that secret place, where you go
Nothin seems to phase you baby, no...
You're stronger than you seem or think so
baby,

Hold Me - Don't let go
Hold Me - I need to know...

Hollywood Surprise

She used to sing,
She used to dance -
She used to pour her soul to me.
A small town girl,
she had it all
So young, so beautiful, so free...

She chased a dream,
She said she'd seen -
Somewhere in a movie magazine.
And then one day,
She went away -
She caught it somewhere in L. A.
(The world is now her stage)

Ours no more,
Now she's a star -
In everybody's eyes...

She's my Hollywood ,
She's my Hollywood ,
She's my Hollywood Surprise.

Honest Injun

Honest Injun -
Ya didn't see him comin,
Your medicine man tried,
To give your people warning...

It's so sad,
He took it all away from you.

You're so mad,
But there's nothing you can do.

Honest Injun -
You didn't see him comin,
And there was no place,
You could even run to.

Honesty's Best

If you can say it,
And really mean it,
If you believe that,
Honesty's Best.

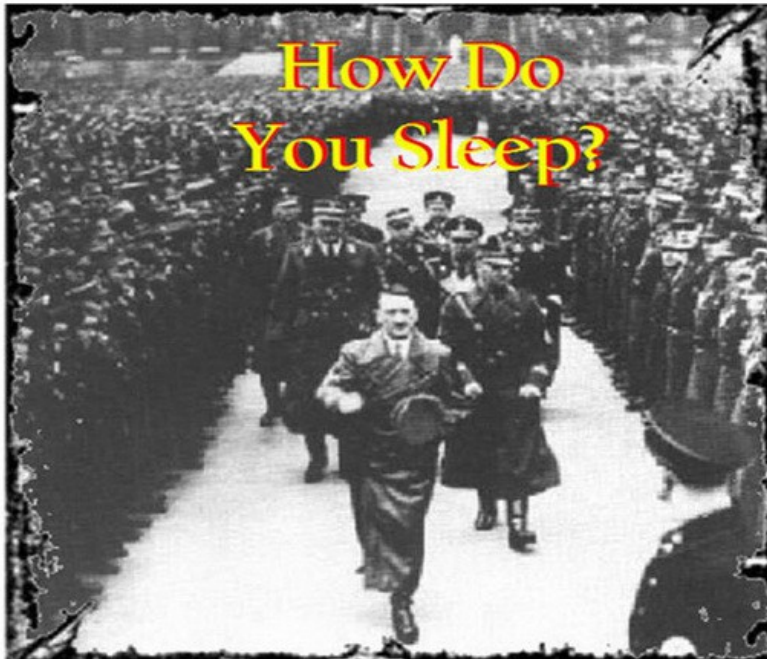

Even when it hurts –
How would you answer now?
How would you answer now?

Sometimes they tell you,
It's better to lie.

Sometimes I wonder
If Honesty's Best.

There's one way to find out –
I'll simply tell you the truth...
Let's see how you answer now...
Let's see how you answer now...

How Do You Sleep?

Welcome to the prejudicial circus,
Where hypocrites display,
Their freaks of conscience.

Their pornographic memories,
Will astound you.
Illusions often do –
Til' demons come to view...

How Do You Sleep?
With your mind in the gutter?
Laughing at something you don't understand.

How does it feel?
To be better than others?
With no one to please you cause nobody can.

Yeah, How Do You Sleep?...

How Will I Know Her?

Where will she be?
How will I find her?
Who will she be?
How will I know her?
What will I do?
What will I say? Then...

How will I act?
How will she know me?
Will she be pure?
Pure as an Angel?
What will she wear?
How will I know her?

Where do I look?
How will I find her?
Who will she be?
How will I know her?

Na, na, na, na...

I Can't Find A Job

I Can't Find A Job! I Can't Find A Job!
I'm out of work, -
I'm such a slob.
And I Can't Find A Job!

I Can't Find A Job! I Can't Find A Job!
The unemployment line's a mob
And I Can't Find A Job!

I feel like a bum! I feel like a bum!
Poverty has made me numb
And I feel like a bum!

I Can't Find A Job! I Can't Find A Job!
Just take me out and -
Shoot me now,
Cuz I Can't Find A Job!

I Dare You

Show me what's in your heart,
I Dare You -
I'll help you make it shine.

Lets say the thing we need to,
I Dare You -
Otherwise we're wastin time.

You tell me where you're going,
I Dare You -
I'll show you where I've been...

Courage is the same as -
Lovin yourself...
Spread a little of that Joy...

True expression means
You Drop the fear.
You Drop the fear.

I Don't Know What You Want (From Me)

Don't know what you're thinkin,
You can't take a wrong - And make it right.
Though My heart is sinkin,
I refuse to - Quit without a fight.

Tried so hard to please you,
Seems I'm only - Drivin you out of sight.
What it is, I can't see -
Remains in you a mystery...

I Don't Know What You Want,
I Don't Know What You Want,
I Don't Know What You Want - from me.

I Don't Know What You Want,
I Don't Know What You Want,
I Don't Know What You Want - from me...

I Don't Want No Trouble

There was change,
All around...
In the Sixties,
Where is it now?

Well I Don't Want No Trouble
But I must speak out—
I Don't Want No Trouble
But we all have our doubts...

If I say love man and God
Some will ask If I smoke pot.

Well I Don't Want No Trouble
Must I must speak out—
I Don't Want No Trouble
But we all have our doubts...

I Fall In Love

Some only know one kind of lover.
Some only know one kind of love.

It's either one or its the other
Sometimes it's none of the above...

I seem to find it in the places
Where no one else would care to go.

Hiding behind the smiling faces of
People you've never seen before...

I Fall In Love,
Over and over.

I Fall In Love,
And over again...I Fall In Love.

If I Knew Then

I take it all for granted
Everybody does
This isn't what I wanted
Wonder what it was.

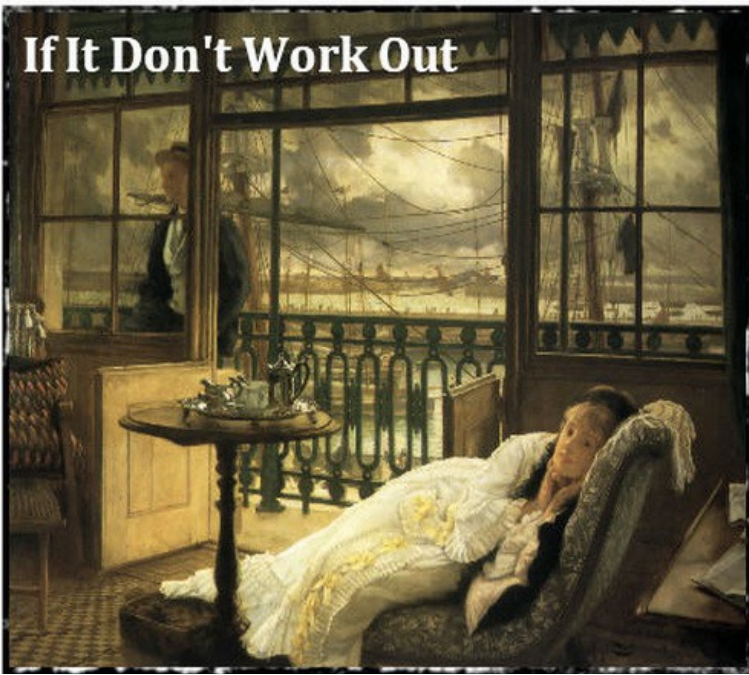

Welcome to the future
Catch you by surprise?

If I Knew Then -
What I know now...
What I know now...

Well I can see the future
Looking in your eyes.

If I Knew Then -
What I know now...
If I Knew Then -
What I know now...

If It Don't Work Out

It's something we don't ever dare to mention.
It might go away if you don't pay attention.

I got up, I got out - I'm so tired of thinking about it.
And it's killing us - but we can't live without it.

The question comes to mind,
But we run from it each time.

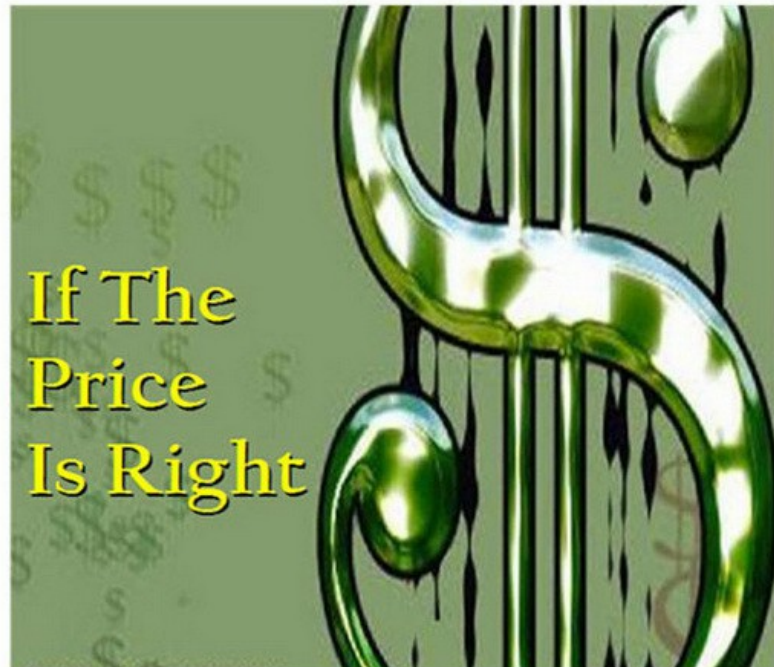

If It Don't Work Out (We Tried)
If It Don't Work Out (We Can't Hide)

When politics are keeping us together,
Then the union was not meant to last forever.

If I want out I'll go -
If you want out I'll know.

If It Dont Work Out (We Tried)
If It Dont Work Out (We Can't Hide)
If It Dont Work Out (We move along)
If It Dont Work Out (It isn't wrong)

If The Price Is Right

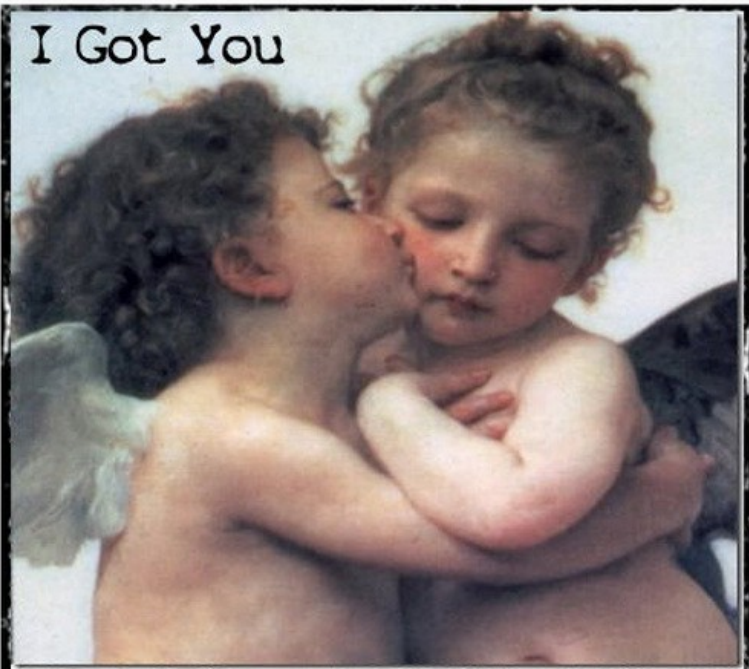

Money makes our world go round.
My hands out, I'm not proud.
But we'll need to settle on an amount...

And If The Price Is Right,
I'll drive you to Morocco.
If The Price Is Right,
I'll fly you to the moon.
If The Price Is Right,
I'll watch your little sister,
If The Price Is Right...

You won't get me for a song.
My fees as fair as anyone's.
And yes, I'm gonna want some money down.
Up front...

And If The Price Is Right,
I'll entertain your mother...

I Got You

I got a warm pistol baby
And a 707,
That I fly all the through the night.

Once I get going I never come down
I peel when I feel right

I got a tic toc, wanna rock,
Party down brain,
And Trillions of angels
Think I'm insane. (they think I'm insane?)

But most of all pretty darlin'
I Got You.

Yeah most of all pretty darlin'
I Got You.

I Got You.

I Hardly Know You

This is a tell tale sign,
There's no one else around -
But I Hardly Know You.

I look into a face,
That fills an empty space -
But I Hardly Know You.
I feel the moon above,
This is the work of love -
But I Hardly Know You.

When two worlds,
Meet in one place,
There's a shifting of those lives.

Though I can't say,
What I'm thinking,
I can read so much in your eyes.

I Know You Don't Mean It

Love, Stains and you clean it.
Love burns the fire to ashes and you clean it.

You Know - I Don't mean It.

I said some things ,
You Know - I Don't mean It.

We know - we don't mean it.
We did some things that we didn't mean to do.

I say hello, you say goodbye
Around we go - the circle ends no reply.

Let's take a vote, an angry quote -
Shouldn't destroy our lives

But the quarrel - stays the same it's the reasons
That keep on Change, Change, Changing...

I Know What You Need

She got walls and walls of play things,
She got houses, cars and rings.
But that don't amount to -
Much of anything.

She got daddy's girl security.
She got all the fineries,
But somethings always missing -
Like a key.

But, I Know What You Need,
Yeah, I Know What You Need.

I Know What You're looking for -
I Know What unlocks the golden door.

Yeah, I Know What You *Really* Need.

I Lied

I Lied.
I said,
I could,
Be trusted.

I Lied,
It's true...
I am,
In love with you...

The game is up my love it's time I...

Confess tell the truth - you
Must know - that I love you.

I Lied
It's true
I am
In love with you...

I'll Forgive
You

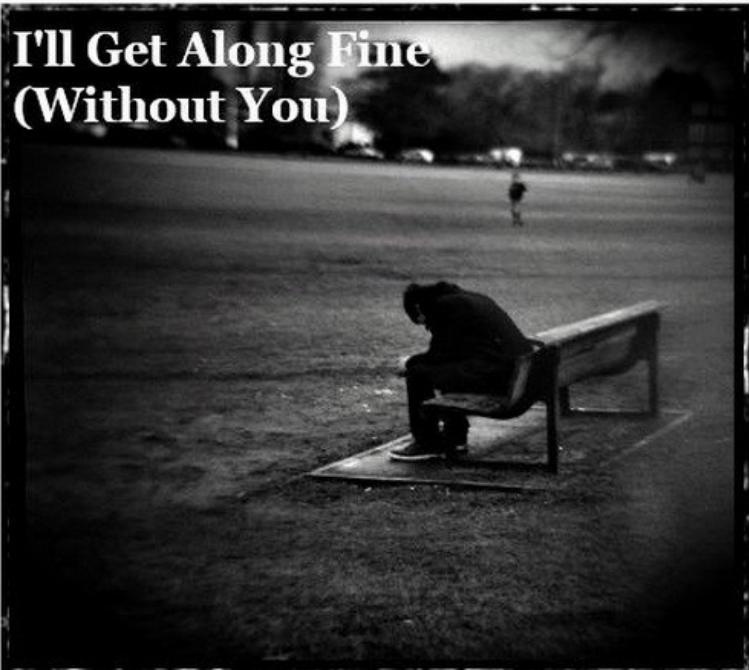

I can't bear to watch you crumble,
While you build another wall.
Well I know that you need to stumble,
But how far do you plan to fall?

Well there's someone that wants to help you,
If only you would ask...
I don't care how bad you make it -
We can put it all in the past.

No matter what you say,
No matter what you do,
No matter what - today,
I'll Forgive You.

If you find you can't trust the shadows,
Then step into the light.
If everything seems to go wrong,
There is one to make it right.

These tears are stating clearly -
What my heart is going through...

I'll Get Along Fine
(Without You)

I didn't say it, I left that up to you.
You didn't say it, You only wanted to.

I feel the heat here, I'm in the cold again.
I'm not afraid of that - I'm not afraid.

So cut me loose girl, I'll either sink or swim.
Be good to stand on - Some solid ground again.

It's one survival test,
I think I'll pass - though I may finish last...

I'll Get Along Fine. Fine. Fine. (without you)
I'll Get Along Fine. Fine. Fine. (you'll see)

I'll Get Along Fine. Fine. Fine. (I'll survive)
I'll Get Along Fine. Fine. Fine. (just me)

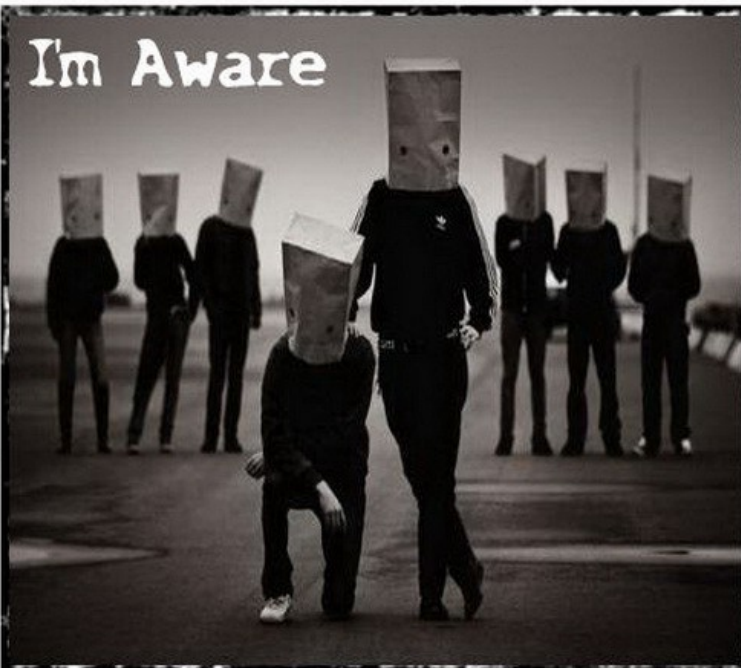

Illusions

There are phantoms you can see,
With your heart if you believe.
Just beyond realities -
Illusions.

And from sea to shining sea,
Behind doors one, two and three...
None of us ever free -
Of Illusions.

Is it all a thick disguise?
To fool the ears, the hands, the eyes?
And will death even make you wise?
I don't know...

It's certainly a solid show,
The sky above, the ground below
The work of a truly great magician...

I'm Aware

I have no practical solution -
But I'm aware, I'm aware.
I don't contribute noise pollution -
But I'm aware, yeah I'm aware.

I don't fight a bloody revolution -
But I'm aware,...I'm aware.
There is no peace in persecution...

I can't close my eyes!
I can't close my eyes!
I can't close my eyes!

I don't have faith in absolution
But I'm aware, so aware
I need no pills or prostitution
But I'm Aware, yes I'm Aware.

I'm Leaving Us - And Finding Me Again

Can't decide which face to where today -
The one you like best is starting to fade...

Restless hearts starts noticing a change -
Jump that fence and head for open range.

Revelation stirs up doubt and pain -
Daisy smiles crack under the strain.

Huh!...Here.. It...Comes...

So I'm Leaving Us - and Finding Me Again.
I lost myself in that which we became.

I'm leaving Us - And finding Me.
There's someone Else, I need to be...

Immortal Mind

This Immortal Mind,
Is tired!
This Immortal heart,
Is heavy!

This Immortal soul,
Is holding - This Immortal Mind. Yeah...

This Immortal Mind,
Is dreaming!
This Immortal heart,
Beats forever!

This Immortal face,
Is smiling!
With its Immortal Mind.

This Immortal Mind.

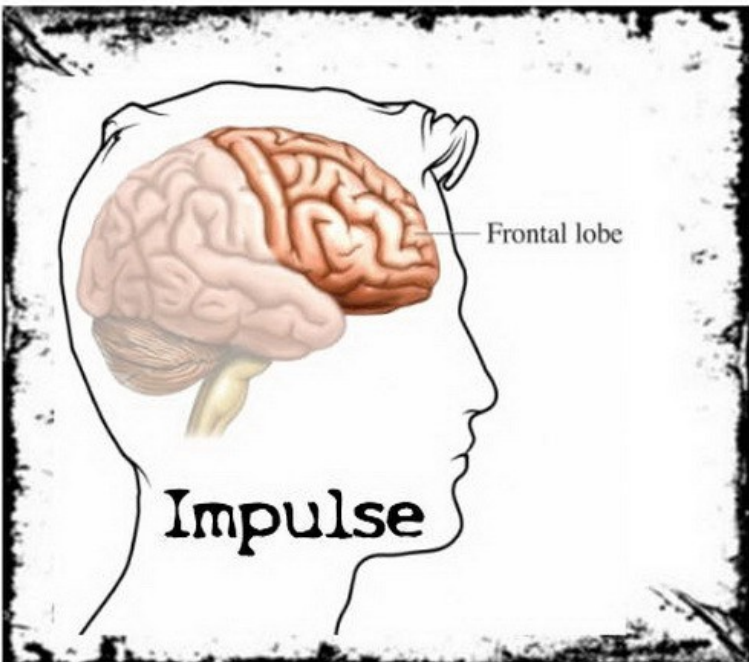

Go ahead and take me in,
Feed me to the lions then,
I'm Not Afraid, I'm Not Afraid.

Sacrifice me to your gods,
The ones you've pimped and slaved for,
I'm Not Afraid, I'm Not Afraid.

Well somebody must die, alright
I don't frighten - so easily..

You say I'm making waves,
And that I rain on your parade, I say
I'm Not Afraid, I'm Not Afraid.

So stone me I'll be dressed to kill,
This is a battle of the wills,
I'm Not Afraid, I'm Not Afraid.

Impulse,
I wasn't thinking. . .
Impulse,
I wasn't thinking. . .

Impulse,
I said I'm sorry.
Impulse,
I just wasn't thinking. . .

I already said,
I'm sorry.
I already said,
I'm sorry.

I already said, I'm sorry.
I'm sorry.

Impulse, Impulse, Impulse.

I'm The Only One

You waltzed into this world of mine,
Right off a ballroom floor.
A page from once upon a time,
That drifted by my door.

I was a jester among kings,
And you a maiden fair.
I haunt the chambers of your heart,
But you are never there.

From ghost to silhouette,
I take the form of love -
You haven't even met...

But I'm The Only One,
Yes, I'm The Only One,
You just don't know it yet.

Na, Na, Na, Na, Na...

In A Heart Unknown

Some hurts hide,
In a heart unknown.
Buried deep,
Like an old dry bone.
The years go by,
And it makes a home.
In a Heart Unknown.

The last thing I wanted,
Was to be unkind.
Those stray bullet remarks,
Were so out of line.

Cause hurt can hide,
In A Heart Unknown.
On soft, still nights -
You can hear it moan.
It hits you hard,
When you're all alone.
From A Heart Unknown.

In A Perfect World

Soggy nights,
Eye fulls of revery.
Love grows weak,
Fighting just to be.

But I wouldn't have to miss you,
In A Perfect World.
I wouldn't mope and doubt you,
In A Perfect World.

Music moans,
Filling up empty rooms.
Phone bells speak,
To never to me.
Hope and fear split the heart,
Of a jealous groom.

But I wouldn't ever doubt you,
In A Perfect World.
And spend so much dreary time - without you,
In A Perfect World.

In Each Other's Arms

We don't want to wind up,
In Each Others Arms.
But, we'll probably wind up,
In Each Others Arms.
We could both die there,
In Each Others Arms.

Hey slow down, My heart did warn.
I see the Invite, I feel the charms.
But, What's worse - She's got her own man,
Who won't understand.

So, We don't want to wind up,
In Each Others Arms.
But, we'll probably wind up,
In Each Others Arms.
We could both die there,
In Each Others Arms.

In, Each Others Arms...
Each Others Arms...

In My World

*Little boy wake up -
To a Dead mans dream,
Welcome to my nightmare.*

*Scary people every where -
Full of hate, Full of fear,
And missing in the last scene.*

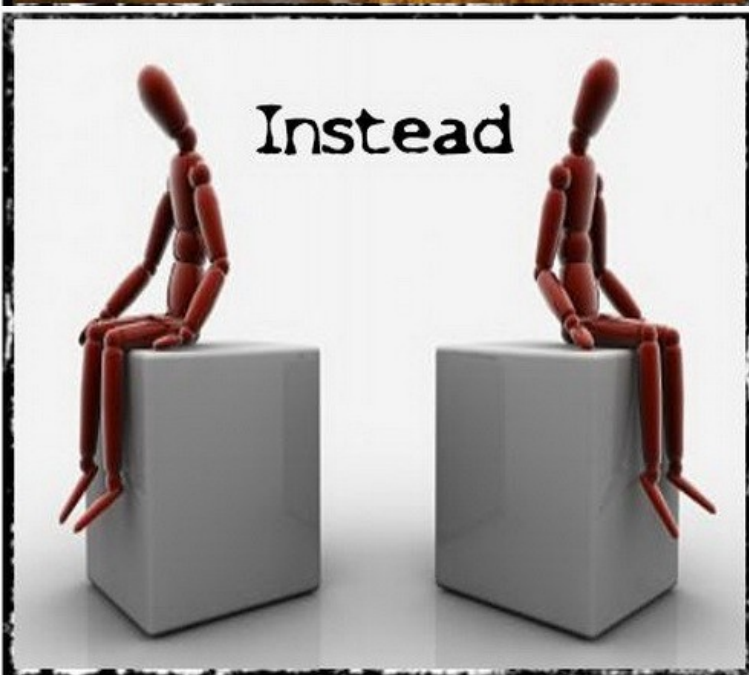

What's that? Something's crawling form the shadows.

So black! And getting blacker all the time.

*Well there's no place to run,
I'm slippin back, back, back...*

*Into My World,
Into My World,
In My world - There's only you.*

Instead

What's the point in leaving?
Babe you can't break even,
When tears all around are still wet.

I'll wipe them away,
I'll do all I say,...
So why don't you stay -
Instead ?

I'm through taking a chances,
Taking you for granted.
Forgive me and forget.

I'll be your best friend,
I'll love to the end,
So let's try it again -

Instead.

In The Movies

In The Movies,
Everything is grand.
In The Movies,
Goes as planned.
In The Movies,
Are all the real men,
In the movies?

I was there -
Kissing Greta Garbo.
I was there -
Along the waterfront.
I was there -
I fought the Alamo.

On that silver screen,
Bigger than a dream -
Oh, the things I've seen,
In The Movies...

In The Worst Way

It's getting complicated,
It's getting very strange.
You kick the dog frustrated,
You claw the air for change.

But change invites its problems,
And problems like to stay.
They crash upon the sofa,
They will not go away.

It's All fouled up,
All piled up,
In The Worst Way -

In The Worst Way.

In Your Hands

*That first impression,
Nearly broke the glass.
The tender brush of loves' first pass.*

*We've since run the gauntlet,
Yes, we've come so far...
Far enough to see the miracle.*

*I place my heart,
In Your Hands.
I place my soul,
In Your Hands.*

*I place my trust,
In Your Hands.
I place it all -
In Good Hands...*

I Remember

Sleep is easy,
When there's only one,
But the fun is missing in the end.

I think the object
Is too widely known,
Providing little challenge to the game.

She was a moment
I could not forget,
like burning image in the sky.

I couldn't think of hardly
Anything else
I was hers forever... Mmm...

I Remember - Those golden nights.
I Remember - Those sweet delights.
I Remember, I Remember...

I Rock A Fine Line

I can't get no satisfaction,
I don't need no thought control.
Well Saturday night's alright for fighting,
But it's been a long time -
Since I Rock-n-rolled,
And there's no place for a Rolling Stone...

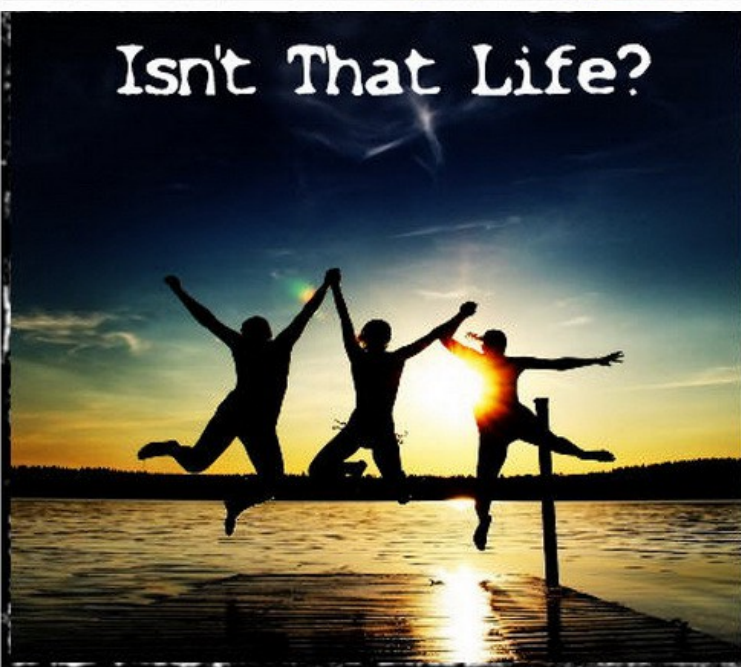

Man it's such a feeling when the music's loud.
Set your head a reeling for that number nine cloud.
Heaven saw you sinning with your head so proud,
Smiling at the devil with your hand held out -

And there's no hope for a rolling stone...
There's no cure for a wandering soul...

I Rock A Fine Line, that rolls in my mind.

My hearts beating time - It's body rocking soul.

Isn't That Life?

Live too long -
And something's bound to happen.
Get too careful,
Something's bound to break.

So much care avoiding every problem.
More responsibility than I can take.

But Isn't That Life?
Yeah, Isn't that life?
Beautiful life?
Isn't that how it has to be, life?

Isn't That Life?
Oh, Isn't that life?

Isn't that Wild and wonderful?
Cruel and colorful, life?

Someone gets a broken heart
It Happens Every Day.
Someone tears your love apart
And goes the other way.

Another tear, another fight
And someone sleeps alone tonight.
It doesn't matter who was right
It Happens Every Day...

Someone steals a heart away
It Happens Every Day.
someone feels they've been betrayed
for the love they gave

you don't see it on the T.V.news
don't worry what your going through
cause baby it ain't nothing new -
It Happens Every Day.

*I-land people, Don't despair...
Ours is one world,
It's one world we must share.*

Think of all we have...

*It's Not So Bad Here -
(It's not so bad)
It's Not So Bad Here -
(It's not so bad) - It's really not so bad.*

*Mighty nation - Heaped in glory,
Place your trust in - God and liberty.*

*The blessed call this home.
It's Not So Bad Here. . .*

Give it time...It'll come
It's not the same for everyone...

Do you believe that lovers weave,
Their own spell?
That magic nights and candle lights,
Make hearts swell?
Well that's what it seems like -
To me...

I Wanna Be In Love.
I Wanna Be In Love.
A really BIG in Love.

Tender sighs...moon light skies.... paradise
Carefree days... get aways, they say it's nice.
I wish it would happen to me.

I Wanna Be There

Oh, what joy –
Such good news....
I, just learned, –
Where, the spirit rules.

And running for the gate,
I'm told that I must wait.
Til everyone arrives –
The sinners and the saints..

And safe in that number,
Praising the Father...

I...I Wanna Be There –
I, I Wanna Be There. . .

I Wanna Be There, –
I Wanna Be There...

I Want It All

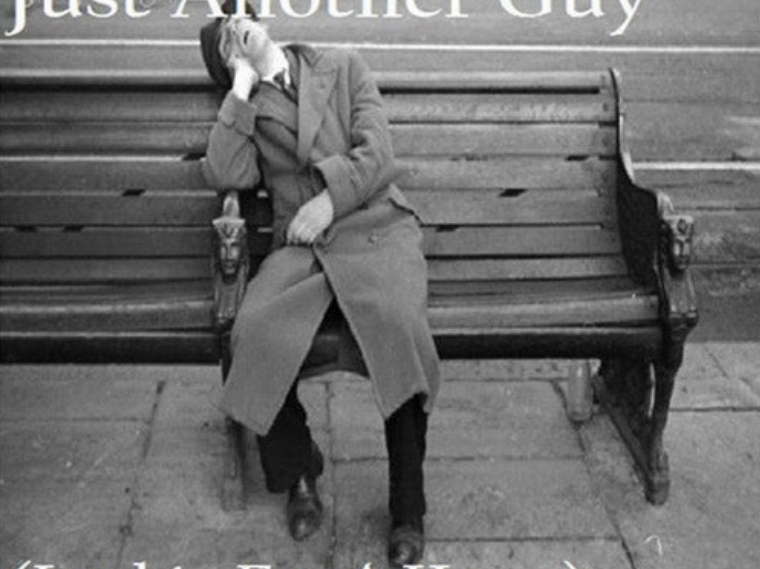

Rich boys grow,
Up to be richer.
Poor boys grow -
Thru poverty.

All my life -
A penny pincher.
Hoarding dreams,
Beyond my means.

I Want It All!
I Want It All!

Girl, You showed me,
What I was lacking.
That all my loans -
Were overdue.

Just Another Guy

(Lookin For A Home)

Tired of my own voice
Just so much white noise.
Tired of the choices I've made.
Tired of the sad streets.
Cold cuts and cold sheets.
Tired of the last call parade...

See, I was hopin'
To maybe move in
With some cozy heart like your own.
I've searched through the garden
For just the right flower and
Feel I've covered enough ground.

Now I'm Just Another Guy,
Just Another Guy...
Just Another Guy,
Lookin' For A Home.

Keep The Old Man Guessin

I might join the Circus,
Next time it's in town.

Become the world's greatest,
Ever Clown.

And entertain the little kids,
From all around.

It's fun -
To Keep The Old Man Guessin.
I try -
To Keep The Old Man Guessin.
But It's hard -
To Keep The Old Man Guessin.

It's fun -
To Keep The Old Man Guessin...

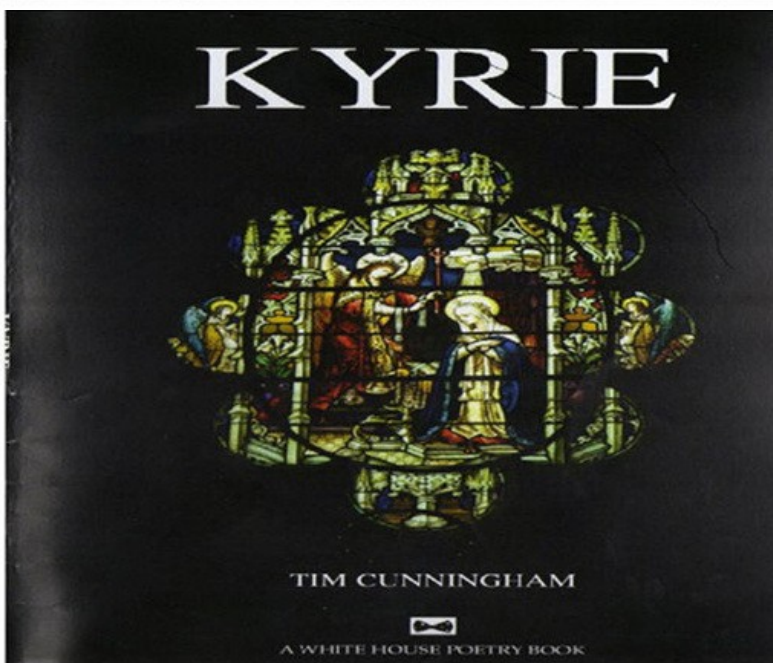

Kiss Her Right

Drivin' hard through the night,
I need a bigger engine.
Still miles away from the light,
Of your door.

The moon is actin' so strange,
Well maybe he knows something.
There's only on way to tell -
For sure....

And That Will Be -
When I Kiss Her,
And I'll Kiss Her Right...
I'll Kiss Her Right.

Yes I'll Know
When I Kiss Her -
And I'll Kiss Her Right....
I'll Kiss Her Right.

La Femme LA.

Go west young girl -
The California "Coast"
Land of opportunity.

Where fame and fortunes hide,
In mansions deep and wide -
And shallow men lurk patiently.

Gather all your wares,
Your beauty tips and snares -
Soon all the dogs will be around.

Sniffing for the prize,
Drooling with desires,
You'll have em lapping at the ground.

La Femme LA.
La Femme LA.

Land Of Plenty

In A Land Of Plenty -
Always plenty more.
And a land of plenty -
Turns no one from its door.

Everyone is happy -
Everybody shares.
In A Land Of Plenty -
Everybody cares...

In A Land Of Plenty -
You won't go without.
In A Land Of Plenty -
They just pass it out...
Everyone is happy -
Everybody shares.

In A Land Of Plenty...
In A Land Of Plenty...

Land Or Sea

Land Or Sea, I'm never free.
Of Land Or Sea, It's always either -
Land Or Sea, I'm just so tired.
Of Land Or Sea, Land Or Sea.

If you've seen one horizon,
You seen them all.
It's a beautiful world,
But it's too damn small.

Well there is a place,
That I've never been...
In the cave of my mind
I have dwelt therein.

Land Or Sea, I'm never free.
Of Land Or Sea, It's always either -
Land Or Sea, I'm just so tired.
Of Land Or Sea, Land Or Sea.

Learning To Behave

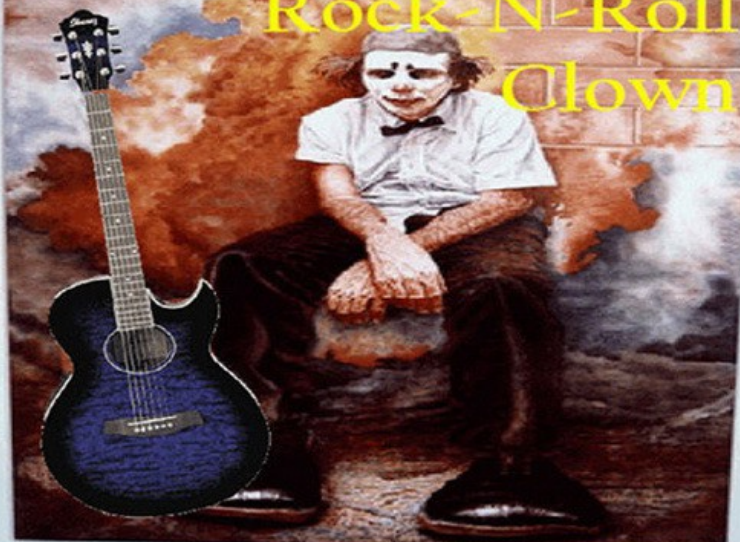

Don't act so dumb.
Don't get too smart.
Don't be so naive.
Don't speak so soft.
Don't talk so much.
Are you listening to me?

Learning To Behave...
Learning to survive...
Learning all the rules...
Learning To Behave...

Don't stay out late.
Don't eat so fast.
Remember who you are.
Don't dress so weird.
Make yourself clean.
Pick some better friends.

Learning To Behave...

The Legend Of The Rock-N-Roll Clown

This is The Legend Of The Rock-n-Roll Clown
He's got no talent but that don't slow him down.
He looks so foolish as he's prancin' around
He makes more noise than anybody in town.

Go Clown...
Get Down...

Come hear The Legend Of The Rock-n-Roll Clown
It's about as tragic a story as they come...
He's got the best drugs and the chicks dig his sound.
This is The Legendary Rock-n-Roll Clown.

Go Clown..
Get Down...

Come see The Legendary Rock-n-Roll Clown.
He ain't in tune but he sure is having fun.
The way he screams you'd think he'd just lost his mom.
This is The Legendary Rock-n-Roll Clown.

Go Clown..
Get Down...

Let It Go

See that fella laughing?
Well he just told me somethin' sad.

Yeah, you'd never know it -
But he's lost everything he had,
You think he'd feel so bad...

But he says,
Let It Go, Let It Go, Let It Go...

You must,
Let It Go, Let It Go, Let It Go...

Learn to,
Let It Go, Let It Go, Let It Go...

When it's not yours anymore...

LOVE

Let Me Count The Ways

How do I love thee?
Let Me Count The Ways...
How do I love thee?
Let Me Count The Ways...

I love thee whenever,
I'm feeling good...
I love thee whenever -
Things go as they should...

I love when you scold me,
Let Me Count The Ways...
Forever and ever -
Let Me Count The Ways...

One dozen, Two dozen, three dozen, Four.
Five dozen, Six dozen, seven dozen, More.

How do I love thee? Let Me Count The Ways...

Let's Pretend

I'm getting tired of this charade,
And marching in the "hip" parade.
I sometimes feel this smile is -
Glued upon my face.

I'm not alone in this despair,
The emptiness is everywhere...
It seems like happiness is only make-believe.

But there is truth -
And there is love,
There is hope and maybe heaven - above.

And if the magic isn't there -
Let's Pretend until we find it...

No one said reality was fair -
Let's Pretend and we'll survive it.
Let's Pretend 'til we get it right...

Let You Down

Hopes are high, maybe this time,
You have found.
The missing link to the human - Phenomenon.

Fulfillment carries a price tag, All it's own.
The substitutes only serve - To lead you on...
You put your faith in a Woman,
She Let U Down.
You put your faith in a Friend,
He Let You Down.

You put your faith in a system,
It Let You Down.
You put your faith in a Country,
That Let You Down.

When you pin your hopes and dreams,
On a person, place or thing,
We'll they'll always let you -
Always let you ...Always Let You Down...

Living A Lie

I don't think you understand,
I don't want to make you -
Someone else.
I just hope you realize,
The changes here
Are all inside yourself.

Change is good, It makes us strong.
Giving up. Is always wrong.

I don't want you, Living A Lie.
I can't change your feelings inside.
All I'm sayin' is -
I won't stand in your way.

I don't want us, Living A Lie.
There's still hope but - we gotta try.
All I'm sayin' is - I won't stand in your way.

Living Through His Art

Living, Through His Art.
Breathing, Through His Art.

Thinking, Through His Art.
Living, Through His Art - and Soul...

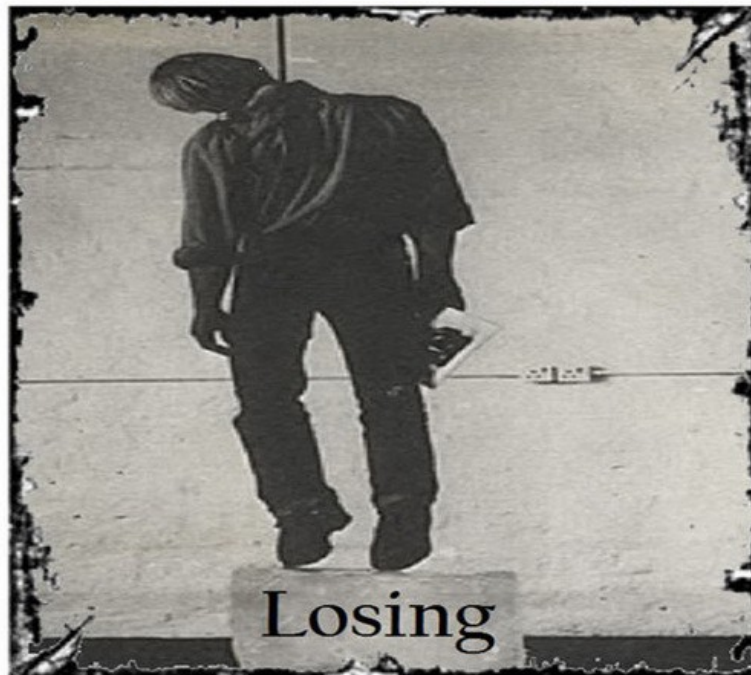

Reaching, Through His Art.
Touching, Through His Art.

Changing, Through His Art.
Growing, Through His Art - and Soul...

Fighting, Through His Art.
Grieving, Through His Art.

Loving, Through His Art.
Thinking, Through His Art - and Soul...

Finding, Through His Art - a door...
Living, Through His Art - and More...

Losing

I'm Losing ...
Everything.
I'm Losing ...
Everyone.
I'm Losing ...
Every time,
I'm Losing...Hey!

Beware the Ides of March
Ambition says.
Beware the Midas touch,
Your gold's worthless -
Here...

You're Losing ..
Everything.
Losing ...
Everyone.
Losing ...
Every time,
Still Losing.

Lost, In A Faceless Crowd

Staring into the silence,
of a thousand eyes.
A desperate voice,
In the wind of confusion.
Minds too small and too empty
To Understand....

Lost, Lost, Lost - Lost In A faceless Crowd.
Lost, Lost, Lost - Lost In a sea of doubt.
Lost, Lost, Lost - Lost In A faceless Crowd.

Distraction claims a nation,
Of hollow men.
Hearts that search for a hold,
But find none.
Open mouths that say nothing,
To deafened ears...

Lost, Lost, Lost - Lost In A faceless Crowd.

LOUD

Hide in a whisper, framed like a picture.
A deaf mute, In a noisy world.

Discretion advises, Wear the disguises.
'Til you're ready -To be heard.

Voice an opinion,
Learn to defend them.
Challenge the common view.

Volume increases,
Something's released.
And no one could stop you - Now...

LOUD,
We like it LOUD
Cause when you're LOUD -
Then you stand out.

Love Can Save You

To find a sleeping beauty,
You'll have to leave frog pond.
Among the fallen angels -
There's one who sings your song.

She Sings - (Love, Love)
Love Can Save You, (Love, Love)
Love's what made you... (Love, Love)
Love Can Save You -
Then You - Can Save Me Too...

She Sings - (Love, Love)
Love Can Save You, (Love, Love)
Love's what made you... (Love, Love)
Love Can Save You -
Then You - Can Save Me Too...

You Can Save Me Too...

LoveLustLoveLustLove

The China Girl's in Geisha drag,
Red Riding Hood has brought her stag.
The misty eyed Madonna has a cold.
A meek Madame Bovary,
A bolder Matte Hare –
I want a pin up girl without a fold...

I seen pure fascination,
Become a sick obsession.
I've been left Cold Turkey, To dry out
Is mental penetration
A psychic violation?
I want more with every secret - that you show.

Is it Lust Or Love? The choice is Tough.
Oh, I cannot decide...

Is it Lust Or Love? Which can I trust?
Which is it tonight?

Love My Misery

*This world, is so full of smiles.
But dark frowns, they're more my style.
I could, live like a king –
But gutters, are more interesting.*

*There's more truth in poverty.
The pure sweet gloom, on which I feed.
Pale pleasure, may please the rest...
But the torture – is what I love best.*

*Love my Misery - Hey!
Love my Misery - Hey!
Love, love, love, love, love, love –
Love My Misery.*

Love, love, love, love, love, love -

Love My Misery.

Love isn't Wrong –
But love isn't right for us.

Love's for the strong –
For those that can keep it.

And lovers belong –
Close to each other...

For though we can't bring back
What's gone you know

But love isn't right for us –
But Love Isn't Wrong.

Macho Bet

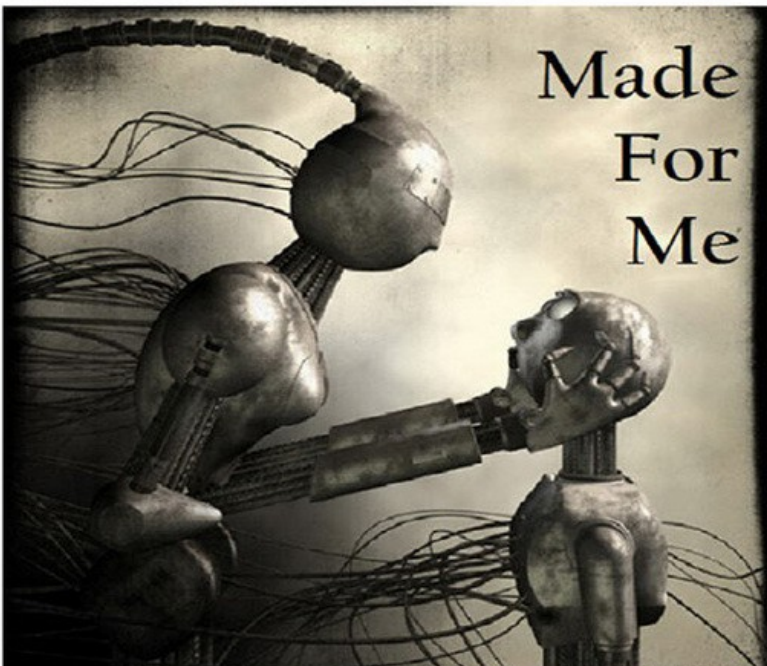

Got a little bet goin'
With all the boys...
Take me by the hand babe,
And I'm all your, yours...

Got a little bet goin'
With those boys of mine.
I say you'll love me -
In time, time, time....

Got a little bet goin'
You will be mine...

Time to roll the dice...
Time to roll the dice...
Time to roll the dice...

Got a little bet goin'
Don't cha know -
You're gonna be mine...soon!

Made For Me

Janet sells drinks in a bar -
But what was she made for?
Jacob sell shiny new cars -
But what was he made for?
Cindy paints cute little jars -
But what was she made for?

Well I do believe,
You were made for me...

I was hoping - You might agree,
That would just prove my whole theory.

Martha sell lights on the phone -
But what was she made for?
Terry works out of his home -
But what was he made for?
There's so many things you can know
But - What were you made for?

Make A Wish

You need more control,
You need a pot of gold,
So Make a Wish -
Make a Wish.

Why live in misery,
When there's a lottery?
Make a Wish -
Make a Wish.

You can't do without,
So let your genie out -
And Make a Wish -
Make a Wish...

You gotta win big,
You gotta win right.
Sweepstakes make you rich -
Overnight.

Marriage Al A Mode

MARRIAGE
MARRIAGE

It's happy when the chores are done,
When dinners served and evenings come.

In putting children straight to bed,
And making sure the dog is fed.

Moving dressers, cleaning ovens, washing windows,
Marriage Ala Mode.

Mowing lawns and raking leaves and changing diapers,
Marriage Ala Mode.

I hope you saved your best MO.
I hope your heart is wide in scope.
I pray you never lose all hope.

At the gas pump,
Making dinner,
Secrets in the shoe box,

Marriage Ala Mode.

Our Marriage Ala Mode.

Mary Won't Come Home

I said I'm sorry,
That I was wrong.
Then I sing my mercy song...

But it's not working,
Not like before -
She's heading for the door.

And Mary Won't Come Home,
She caught the rain and nearly drown,
She needs a shelter from the storm
That's been her life for much too long.

We play with heart ache,
As part of love -
Til every piece is gone.
Gone, long gone, gone, long gone...

And Mary Won't Come Home,
She said the emptiness has grown,
It's made a house into a tomb.
And put a ghost in every room.

Mad At Me

Another day of blunders,
And gettin' in the way.
No one has nothin'
Very nice - to say.

Couldn't please the bosses,
Couldn't please my girl.
Didn't say the right thing,
Ever - at all...

Every where I look,
They're Mad At Me.
I feel like a crook,
And they're all mad at me,
I could fill a book,
With people mad at me.
Mad at Me...

Mad At Me...
